**Himalayan Spirit Handicraft Industry (HSHI)** is a manufacturer and exporter of traditional Nepali handmade lokta paper and paper products. It was established in 2005 by a group of people having more than decade years of experience in the field of Nepali handmade papers and wide range of its products. With the vision to develop handmade Nepali paper in the industry and to preserve traditional craft of Nepal that extends back more than thousand years. It is associate with Federation of Handicraft Association of Nepal as well.

We believe that the quality of traditional handicraft goods made from handmade paper should be increased with the aim of developing a growing expert market. We have been supplying our products to USA, UK, Germany, France, Spain, Netherland, Estonia and Australia.

Since its inception Himalayan Spirit Handicraft has been working ahead to promote Nepali handmade paper products in the international market. Simultaneously, it has been striving to attain its far-reaching goals of developing the paper making activities in the country with overall improvements of socio-economic conditions of the less privileged people, in the rural as well as the urban areas of the Nepalese society. The main objective of our company is to promote poor Nepalese families and generate employment opportunities.

We thank you for visiting our website and look forward to servicing you in the near future.
